

To Whom It May Concern:

Re: Environmental Defense Action Fund, Committee ID No. C30000954

Please note that Environmental Defense Action Fund's (Committee ID No. C30000954) electioneering communication filings for the ads titled "Grounded" and "Melting" dated June 18, 2008 are amendments to Form 9 filings filed on June 2, 2008.

We understand that because Environmental Defense Action Fund had not yet been issued an FEC ID number when electronically filing the original Form 9 reports, the FEC software is unable to electronically link these to the original Form 9 filings.
